practice. She is also undertaking studies towards a Ph.D. in Buddhism and psychoanalysis. She has been a student of the Venerable Traleg Kyabgon Rinpoche for the last five years.

### 8A & 8B MEDITATION PRAXIS

**Garrie O'Toole**

Meditation is the heart of Buddhist practice. It's goal is the discovery of clarity and compassion within the ordinary details of our everyday life, rather than through the cultivation of unusual or mystical states of mind. In this practical course participants will have the opportunity to practise two simple but powerful forms of meditation and to discuss issues or questions that arise out of their meditation practice.

Garrie O'Toole has been involved in Buddhist practice and study since 1978. He has been a student of the Venerable Traleg Kyabgon Rinpoche since 1984 and is a meditation instructor at Kagyu E-Vam Buddhist Institute. He has completed a Masters of Arts Degree in Buddhist Studies.

**A: 4 Sessions: \$40 B: 3 Sessions \$30**

Courses 8A & 8B is the same course conducted twice.

### 9 PATHS TO AWAKENING

**Deirdre Collings**

Buddhist practice includes a variety of approaches and methods, some of which may appear to be contradictory and confusing. These contradictions often fall into the dichotomy known as 'sudden' and 'gradual' enlightenment. This course looks at some of the major philosophical and soteriological assumptions that underlie these two traditions of Buddhist practice. The major Buddhist themes of renunciation, transformation and purification will be compared, along with different ways that Buddhist schools have interpreted the concept of 'mind' and its nature. The course will finish by examining the different meditative approaches that have arisen as a consequence of these varying interpretations of the nature of the mind.

Deirdre Collings has been a student of the Venerable Traleg Kyabgon Rinpoche for thirteen years. She recently completed an M.A. in Religious Studies which compares the sudden and gradual approaches to enlightenment. Deirdre is been a meditation instructor at KEBI.

**3 Sessions: \$30**

### FORUMS

A forum, as a situation where a variety of views can be presented, offers a rare opportunity for participants to teach and to learn from each other. Because of the success of previous years, we are again conducting forums at the beginning and at the close of the Buddhist Summer School 2000. Teachers involved in the Summer School will take part in the discussions and will encourage audience participation.

These events are free of charge and are not restricted to those who have enrolled in the School, but are open to all.
